

BED, BREAKFAST AND BABYSITTER

Novotel's 'Angels to the Rescue' package is heaven for busy parents

Busy parents everywhere know how difficult it can be to find time to themselves, so **Novotel Sydney on Darling Harbour** has devised an **Angels to the Rescue** package that includes overnight accommodation for two adults and two children, four hours of babysitting by Dial-an-Angel and a baby kit including a cot, wipes, nappies and more. For older children there's a special gift upon check-in, a book of vouchers for discounted family attractions and free breakfast when dining with their parents.

The package is priced from \$333 and is valid until 30 December 2009, excluding public holidays and event periods and subject to availability.

With this great package it's easy for the whole family to enjoy time away together and then Mum and Dad can slip off for a few hours to enjoy a romantic meal in peace, knowing the children are safe upstairs in the room. There's even a free drinks voucher for parents to ensure they are truly relaxed before dinner.

"Any parent knows how difficult it is to enjoy a peaceful meal together when travelling with young ones so this package is designed to give parents the best of both worlds – time with their children and some time out, knowing the kids are being looked after by trained professional carers," said Novotel's General Manager Garth Simmons. "It's also a great package for new parents who want to get some time alone but who want the comfort of knowing baby is close by."

The package can even be used by two couples with kids – the babysitting valid for up to three children – so friends can organise two rooms and share the babysitting benefits between them.

Dial-An-Angel is Australia's only national group specialising in home, aged, family and child care. Each of their carers is thoroughly screened and experienced and can assist with bathing, feeding and putting children to bed while you enjoy a meal at the Novotel's Dish restaurant or at any of the many dining establishments within Darling Harbour.

Novotel Sydney on Darling Harbour is the perfect base from which to combine a family escape with some romantic time for Mum and Dad. It features a huge array of attractions at its doorstep including Sydney Aquarium and Wildlife World, the IMAX Theatre, National Maritime Museum, Chinese Gardens and more, plus easy access to the Powerhouse Museum via a monorail stop right at the door. The hotel's leisure facilities include an outdoor pool and tennis court.
