

SYDNEY
ON DARLING HARBOUR

SUSTAINABLE DEVELOPMENT POLICY

NOVOTEL AFFIRMS ITS COMMITMENT TO SUSTAINABLE DEVELOPMENT BY CHOOSING THE INTERNATIONAL ENVIRONMENTAL CERTIFICATION PROGRAMME GREEN GLOBE.

Taking into consideration the importance of environmental sustainability and a commitment to be a benefit to the local community, **NOVOTEL SYDNEY ON DARLING HARBOUR** is committed to strive to achieve environmental and social sustainability for its activities. The hotel is a 10 storey building with 525 guest rooms, four function rooms, one restaurant and one bar. There are support facilities including kitchens, a gym, and pool.

NOVOTEL SYDNEY ON DARLING HARBOUR HAS TAKEN NOTE OF ISSUES OF SPECIFIC CONCERN IN ITS OWN OPERATIONS.

- 💧 Energy Conservation - Electricity and Gas
- 💧 Paper Product Consumption
- 💧 Water Consumption
- 💧 Waste Recycling
- 💧 Reduction in Solid Waste

We commit to implement actions to reply to the above stakes.

NOVOTEL SYDNEY ON DARLING HARBOUR COMMITS TO:

- 💧 Continually improve the environmental and social sustainability performance and benchmarking.
- 💧 Comply with the relevant legislation and other regulations.
- 💧 Give special consideration to the employment of persons living in nearby communities.
- 💧 Give preference to products and services of local origin which do not adversely affect the organisation's operational activities.
- 💧 Prevent pollution risks.
- 💧 Implement and regularly update its Environmental Management System.
- 💧 Appoint a "Green Globe coordinator" to handle the project.
- 💧 Implement the Accor Hotels Environment Charter.

NOVOTEL SYDNEY ON DARLING HARBOUR is committed to the environment. Please join us in promoting sustainable development. We welcome your feedback and look forward to receiving your questions, comments, ideas and suggestions.
